## **SBA Offers Disaster Assistance to California Small Businesses Economically Impacted by the 2015 Dungeness Crab Season Delay and Rock Crab Fishery Closure**

**SACRAMENTO, Calif.** – The U.S. Small Business Administration (SBA) is offering low-interest federal disaster loans to California small businesses that have suffered financial losses due to the ocean conditions resulting in the delayed Commercial Dungeness Crab Season that was set to open on November 15, 2015, and the November 6 closure of the Commercial Rock Crab Fishery that is normally open year-round, SBA Administrator Maria Contreras-Sweet announced today.

By declaring a disaster, Administrator Contreras-Sweet’s action makes low-interest Economic Injury Disaster Loans (EIDL) available immediately to help meet financial needs caused by the Commercial Dungeness Crab Season delay and the closure of the Commercial Rock Crab Fishery. SBA acted under its own authority to declare a disaster following a request SBA received on January 27, 2016, from Gov. Edmund G. Brown, Jr.’s designated representative, Mark S. Ghilarducci, director of the Governor’s Office of Emergency Services.

The declaration covers the primary California counties of Alameda, Butte, Contra Costa, Del Norte, El Dorado, Humboldt, Lake, Marin, Mendocino, Nevada, San Francisco, San Luis Obispo, San Mateo, Santa Cruz and Sonoma, and the neighboring counties of Alpine, Amador, Colusa, Glenn, Kern, Kings, Monterey, Napa, Placer, Plumas, Sacramento, San Benito, San Joaquin, Santa Barbara, Santa Clara, Sierra, Siskiyou, Solano, Stanislaus, Sutter, Tehama, Trinity, Yolo and Yuba in California; Douglas and Washoe counties in Nevada; and Curry and Josephine counties in Oregon.

“The U.S. Small Business Administration is strongly committed to providing the most effective and customer-focused response possible to assist small businesses with federal disaster loans. We will be swift in our efforts to help these small businesses recover from the financial impacts of this disaster,” said Administrator Contreras-Sweet.

SBA is offering working capital loans of up to \$2 million at an interest rate of 4 percent for small businesses and 2.625 percent for private, non-profit organizations with terms up to 30 years. “SBA Economic Injury Disaster Loans may be used to pay fixed debts, payroll, accounts payable and other bills that can’t be paid because of the disaster’s impact. These loans can provide vital economic assistance to fishing and fishing-dependent businesses to help overcome the temporary loss of revenue they are experiencing,” said Tanya N. Garfield, Director of SBA’s Disaster Field Operations Center – West.

“SBA customer service representatives will be in the affected communities along the California coast to meet individually with business owners to answer questions about SBA’s EIDL assistance, explain the application process, and help them complete their application,” Garfield said.

- more -

Some eligible business owners include: small businesses engaged in crab fishing in the waters affected by the delay of the Commercial Dungeness Crab Season or the closure of the Rock Crab Fishery, small businesses dependent on the catching or sale of crab, including suppliers of fishing gear and fuel, docks, boatyards, processors, wholesalers, shippers, and retailers, and other small businesses dependent on revenue from the above.

SBA representatives will be available at the following locations on the days and times indicated. No appointment is necessary.
